## SEMESTER 2 ASSESSMENT TASK TIMELINE

Dear Year 9 Parents and Carers

The attached document is the Second Semester overview of Assessment Tasks for all subjects at Year 9. We have collated this information to assist both you and your child in managing after school commitments and balancing school expectations.

These assessment tasks are set to evaluate student learning towards the end of an instructional unit of work. Class work including homework is designed for students to practice and develop their knowledge and skill of the topic currently studied, essentially preparing students for the assessment task. As teachers are responsive to the needs of their students, some units may require more time to provide greater opportunity for student practice, revision and extension. On other occasions, the class may grasp mastery of the required knowledge and skills more quickly. Hence the published dates of the assessment tasks are an indication and may vary pending the needs of the class.

Students may find that several tasks are expected to be completed in a very short space of time. Careful time management will be essential in the lead up time to these due dates. Students are encouraged to refer to their student planner for information about homework. In addition, the Mount Waverley Secondary College Homework and Home Study Policy has been designed to outline expectations for students, parents/carers and teachers. Please click the following link for more information regarding homework and home study:

<http://www.mwsc.vic.edu.au/assets/uploads/2017/01/Homework-Home-Study-Policy-2017.pdf>

You should also be aware that teacher judgement for the end of semester reports will reflect the results of these summative tasks as well as other class activities. **The end of year exams for Year 9 will begin on Monday 20 November with Year 10 Early Commencement Program beginning on Tuesday 20 November.** Further details will be sent out early in Term 4.

We hope that you will find the Semester 2 Assessment Timeline a useful document to refer to in continuing to support your child's learning this semester.

Yours sincerely

Ms Debbie Sekula
